CORPORATE BROCHURE

THE UK'S PREMIUM CORPORATE & EVENT HIRE SPECIALISTS

youreQuip

Who we are

We're a UK-based company, which sell all established brands of equipment, provide a hire service and construct bespoke products.

Our team are all experienced, guaranteed to help you with the choices you make providing genuine, honest advice.

We have a dedicated customer service team that ensures you receive the highest possible support with any queries or problems you may have with your equipment, products we construct or even our hires.

We sell equipment at the lowest competitive price and will beat any genuine quote without compromising our customer service or support. Order with confidence, as we have the expertise to ensure you have total satisfaction with us.

Grow your business, not your expenses.

LED screens are flat displays, created from small panels. When pieced together, the panels create a large screen with a seamless visual display. Because the panels are pieced together to build the screen, our LED screen rentals are extremely versatile and are the most suitable products for large scale needs.

They also handle brightness very well, providing a great quality image without hindrance from a bright environment.

The clarity of our screens is exceptional, with a pitch resolution of 3.9 mm.

Our screens can be curved into a concave, with an angle of 20 - 30 degrees, and these can be curved all the way up to 360 degrees.

Our screens can be easily disassembled and packaged away, allowing them to be simply stored and transported.

Our screens can be joined together, allowing infinite customisation options, including shapes and sizes.

When it comes to delivering a compelling message, getting the right audio and visual elements of your event are key.

Whether a corporate conference, awards show or a simple get together, getting the right solution can be the difference between a standard or an exceptional event.

Our experience in the audio and visual field means we can listen to your ideas and objectives and ensure the right services are provided, and even suggest services you may not have even considered.

Our audio visual services are available on a dry hire basis, or set up, manned and collected by expert staff.

No matter the option, we promise the same level of attention to detail and support.

Production, Management & Development

From concept to delivery, we are renowned for producing highly complex and company critical events, product launches and press announcements on behalf of some of the worlds most influential companies and brands – our clients.

youreQuip.

Together we build dreams

Working closely with you from the very beginning, we'll take your wants, needs and objectives and transform them into a stunning event to ensure that you're able to meet your business goals.

We like to think outside the box, producing unique and unforgettable event solutions that both you and your customers can enjoy in the knowledge that your event is completely one-of-a-kind.

The entire process of your event will be organised and controlled by a designated account handler, who is your personal first point of call for anything concerning your event and relationship with Your Equip.

A photograph of two men in a warehouse filled with tall stacks of white folding chairs. The man on the left is wearing a white shirt, a high-visibility yellow vest, and dark shorts, and is holding a clipboard. The man on the right is wearing a white polo shirt with a small logo and dark shorts with the word 'NICCE' on the leg. He is reaching out towards one of the chair stacks. The background is filled with rows of these chair stacks, creating a sense of scale and abundance. The lighting is warm and slightly dim, highlighting the men against the sea of chairs.

**We are able to assist the small with big
ambitions and help the large with
creativity and innovation.**
